MY DOOR IS ALWAYS OPEN

Editor's View

As editor of the MONDAY REPORT, I believe it is my responsibility to report the news at Shelton State as accurately and fairly as the space in a small, in-house newsletter will permit.

A NEW APPROACH TO ENGLISH (EH 102)

Dr. Alice Villadsen, chairperson of the humanities division at John C. Calhoun State Community College, Decatur, Alabama, spoke recently to the humanities faculty at Shelton State. One of Ms. Villadsen's topics explained a successful new English program at Calhoun, a program designed to be of particular interest to the adult woman who has returned to school.

Preparations are now underway to offer such a program at Shelton State. This spring Paula Hayes plans to teach an EH102 section that will especially consider literary illustrations of the concerns of adult women.

Although the content of the course is focused on adult women's experiences, any interested student is invited to join the class. For more information, see Paula Hayes or Sharon Deck, chairperson of the humanities division.

The MONDAY REPORT is a vehicle by which the activities at Shelton State are reported to all segments of the college community. More important the MONDAY REPORT is now the principle communications device used to maintain the closeness and oneness between faculty, staff and students which has been the hallmark at Shelton since the school's conception.

My office is open to all ideas, suggestions and criticism, and I welcome the opinions of others. If you feel strongly on a subject, I will be glad to print any signed letter.

I am always willing to work with any group or individual to make the MONDAY REPORT the most complete and comprehensive newsletter in the Alabama junior college system.
